

## **TECHNICAL DATA**

TECHNICAL DAIA	
Degree of protection (IP)	IP40
Inherently safe according to EN 60947-5-6 NAMUR	NO
Construction type housing	Cuboid
Depth	75mm
Height	77mm
Material housing	Plastic
Width	40mm
Line monitoring	NO
Number of channels	1
Power consumption	2.5W
Reverse polarity protection	NO
Short-circuit-proof	NO
Suited for safety functions	NO
Type of electric connection	Plug-in connection others
With LED indication	YES
With communication interface RS-232	NO
Operation temperature (min/max)	-30°C / 40°C
Galvanic separation between input and output	NO
Galvanic separation between supply voltage and all other current circuits	NO
Output circuit relais change-over contact	2
Rated supply voltage at AC (min/max)	12V / 24V
Rated supply voltage at DC (min/max)	12V / 24V

VC020900	inc
miscellaneous	ojechowic
